# EXPLORE THE EXTRAORDINARY

A true Expedition on the 'life list' of many travellers...

Now, with Seabourn, you may savour a new era of ultra-luxury expedition travel. Elevated to a higher level. Combining authentic, exhilarating adventures in remote destinations... with the uncompromising, sophisticated amenities of the world's finest resorts at sea.

We began offering expedition experiences during our first sailing to Antarctica in 2013 led by a highly qualified, world-class expedition team, and those itineraries have been offered almost every season since. This success opened the door for our 'Ventures by Seabourn' programme, featuring Zodiacs, kayaks, and guided hikes to enhance destinations such as Alaska, Australia & New Zealand, South America, Norway and Greenland.

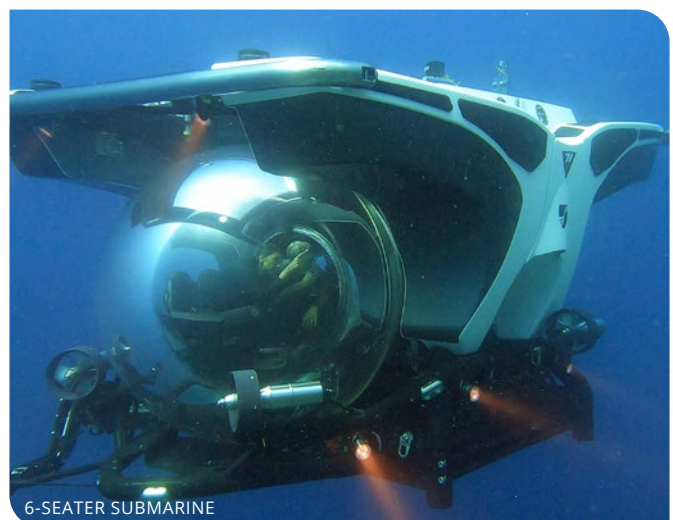

Having entered service in July 2022, Seabourn Venture represents a new era in expedition cruising, designed for those whose appetite for unique experiences is matched by a taste for ultra-luxury amenities. With just 132 luxurious ocean-front suites onboard, guests will explore the world's most exquisite destinations in Seabourn's incomparable elegance and ease. A sister ship Seabourn Pursuit arrived in 2023.

Designed and built for diverse environments to PC6 Polar Class standards, both ships feature a new innovative design, incorporating many features that have made Seabourn ships so successful. Two custom-built, 6-seater submarines provide an unforgettable view of the world beneath the ocean's surface, a complement of kayaks and 24 Zodiacs can accommodate all guests at once, allowing for a truly immersive experience... all alongside a crew that includes an outstanding and well-travelled expedition team comprised of highly regarded wilderness experts, scientists, historians and naturalists.

Seabourn Venture's 2025 - 2027 seasons include expeditions to the Arctic, Antarctica and the Amazon where you may cruise in Zodiacs under teeming bird cliffs and along jungle rivers, kayak among stately icebergs and tropical coral islands. Visit Viking ruins, ancient Inca sites and remote villages. View whales, walrus and seals up close and cruise in submarines past vivid reef walls and towering underwater ice cliffs. Snorkel unspoilt tropical coral gardens glittering with iridescent fish, trek to earth-shaking waterfalls and shining blue-white glaciers.

Seabourn Pursuit winters in Antarctica, then voyages to the remote islands and atolls of the Pacific before summering in Australia's spectacular and rarely visited Kimberley region.

## THE SEABOURN EXPEDITION ALL-INCLUSIVE DIFFERENCE

*\*At the Captain's discretion*

## HERE ARE A FEW OF OUR EXPEDITION EXPERIENCES – WITH THE COMPLIMENTS OF SEABOURN

- Caviar on Ice: Indulge in exquisite caviar and tartare service surrounded by glittering glaciers on deck - or perhaps onboard a Zodiac cruise.
- Champagne Zodiac: As guests return to the ship from a thrilling Zodiac cruise, another Zodiac appears from behind an iceberg bearing champagne for thirsty explorers.
- Polar Plunge: Head down to the Landing Zone to indulge in some liquid courage and take the plunge, followed by steaming cups of hot cocoa, melting away the cold into a heartwarming memory.
- Kuri Bay Pearl Reveal: Gather close to witness the delicate opening of an oyster, unveiling the gleaming pearl within.

## ARCTIC EXPEDITIONS 2025 & 2026

Taking in views of rugged mountains, ice-blue glaciers, and lush greenery is one of the most sought-after activities for expedition travellers. Experience nature's seasonal extravagance in Svalbard, Iceland, Greenland, and the Canadian Arctic.

Cruise in Zodiacs under teeming bird cliffs and kayak among tall, stately icebergs under the Midnight Sun. Thread a kayak among sculpted icebergs observing the whales, walruses, seals, reindeer, polar bears and more that fill this remote region with life.

Visit Viking ruins and ancient Inuit sites. Explore Svalbard's breathtaking fjords, immense Icelandic waterfalls, the grandeur of Greenland's glaciers and polar bear-haunted beaches in remote Baffin Bay and Nunavut.

## THE NORTHWEST PASSAGE 2025 & 2026

Embark on the journey of a lifetime through the legendary Northwest Passage and walk in the footsteps of the seafarers and explorers who carved their way through this historic route and through history itself.

Surround yourself with the magic of the largest icebergs in the northern hemisphere and abundant sea ice, and indulge your curiosity as you meet the diverse, solitary wildlife that you can only find in this part of the world. Gain a new perspective on life itself as you connect with indigenous communities, learn their rich history and traditions, and better understand what it means to live their self-sustaining way of life.

In autumn 2023, *Seabourn Venture* completed the company's first Northwest Passage voyage, achieving what John Franklin could not! Guests enjoyed several once-in-a-lifetime experiences along the way:

- Spotting ten polar bears from the ship in one day enroute to Coningham Bay, lazing, swimming, and eating along the shoreline
- Navigating the Bellot Strait in the company of several bowhead whales
- Exploring Iqaluktuuttiaq (also known as Cambridge Bay), an Expedition Team member's hometown, sharing local delicacies, and visiting historic sites such as the original outposts of the Royal Canadian Mounted Police and Hudson's Bay Company
- Hiking Edinburgh Island and revelling in the beauty of the various-coloured mosses and lichens
- Enjoying the all-day open bridge in the Beaufort Sea as the ship passed from Nunavut to Inuvialuit (Canada's North-western Territories) to learn more about the ship's navigation, changing sea ice levels, and historical exploration and shipping routes.

## THE CARIBBEAN & AMAZON 2025 & 2026

During expeditions in the Amazon River, explore varying environments shaped and differentiated by the river itself, divided into three major regions: You'll visited flooded forests and Backwater Tributaries, where the river is wide, slow and winding. In the Frontier Amazon, our ship passes near to the forest where there is less frequent evidence of human population.

Travelling by zodiac with the Expedition Team, you will learn how the rise and fall of the river relates to the rise and fall of fortunes. Watch for evidence of how the local people deal with their sometimes-inhospitable environment. Also possible are wildlife encounters including sloths, howler monkeys, birds and squirrel monkeys. Or take a Caribbean adventure travelling from Barbados through Trinidad and across the Equator to Brazil.

### 9-Day Heart of the Amazon Roundtrip Manaus SEABOURN VENTURE 12, 21 Oct 2025

## SOUTH AMERICA & ANTARCTICA 2025-2027

Words are inadequate to fully describe Antarctica, but you'll never forget how this pristine continent makes you feel. Catch your breath as a breaching whale casts up sheets of icy water. Reflect on nature's incredible power as you ride a Zodiac® in the shadow of monumental icebergs. Along the way, let magical moments, celebratory meals and luxurious surroundings fill you with delight.

Your skilled expedition leaders will curate complimentary Zodiac landings at remote islands and beaches, while on optional kayak excursions you may paddle among icebergs, leopard seals and regiments of penguins along untouched beaches. 'Seabourn Moments' include a 'Caviar on the Ice' party, digital photography workshops, open air bouillon and freshly baked treats on deck as you survey the incredible wildlife and scenery.

### SOUTH GEORGIA

Feel overwhelmed when landing in South Georgia, a naturalist's paradise. The stunningly beautiful and rugged island is a wildlife sanctuary with over 450,000 pairs of King Penguins, over a million Macaroni Penguins, and many other bird species including albatrosses. Elephant and Fur seals populate most coastlines. History is present all around South Georgia, as seen in the remains of the whaling station which played an important role in early exploration and the island's history.

## SOUTH PACIFIC 2025 & 2026

The South Pacific is home to some of the least-travelled islands and atolls in the world, making it the perfect destination for Seabourn's extraordinary explorers to discover new cultural experiences. With each itinerary offering something different from the one before, these are uniquely personal voyages with no two experiences alike onboard Seabourn Pursuit.

### HERE ARE JUST A FEW HIGHLIGHTS....

- Embark on a 2-day exploration of Easter Island, Chile, studying its famed Moai statues and strolling in the pink sand beaches of this remote escape.
- Explore Cenderawasih Bay. Known for incredible marine biodiversity, this is part of a National Park and is well known for congregations of whale sharks, which live in the bay, year-round.
- Mysterious Ambrym Island in Vanuatu is known for magic, including that conjured by its incredible Rom Dance. Experience the amazing masks and costumes created for this and worn by only the men of the village for this specific purpose.

#### SEABOURN PURSUIT

**Visits:** Yampi Sound, Talbot Bay, Montgomery Reef, Freshwater Cove, Kuri Bay, Hunter River, Ashmore Reef, Vansittart Bay, King George River.

KING GEORGE RIVER

Explore Wyndham, gateway to some incredibly remote places like Bungle Bungles, El Questro National Park and the Ord River. Take in the King George Falls, the two highest twin waterfalls in Australia. Learn about intricate mangrove eco systems that support a wide range of wildlife, including a variety of birdlife, Osprey, White Tailed Sea Eagles and Brahminy Kites. Hike to Raft Point and view the aboriginal artwork of the Wadjina. Take a Zodiac trip through Montgomery Reef, its' fascinating geology formed some 1.8 billion years ago. Take a helicopter ride from Naturalist Island and see Hunter River and the Kimberley from a rare vantage point before exploring the Mitchell Plateau triple falls. Keep an eye out for Saltwater Crocodiles, one of the oldest species to walk the planet. Best viewed from a zodiac!

Explore by Zodiac the Lacepede Islands, identified by Birdlife International as an Important Bird Area (IBA) because they support over 1% of the world populations (18,000 pairs) of brown boobies and 20,000 pairs of roseate terns.

Immerse yourself in a remote Indonesian culture on the inhabited island of Matakus. Swim from a sandy beach and snorkel amongst Indian ocean coral and fish.

# EQUIPPED FOR EXPLORATION

## Zodiacs®

These amazing watercrafts provide our means for landing on trackless beaches, desert isles and far-flung icy shores where no docks or other facilities exist. They carry guests to towering fjords, among breaching whales and stately icebergs, into jungle-draped channels and untouched coral reefs. Our fleet of 24 Zodiacs can all gather beside the water-level shell doors on either side of the ships, enabling call guests to enjoy a complimentary Zodiac tour at once.

## Snorkelling

An array of masks, snorkels and fins assures everyone a good fit. Expedition Team members can help beginners get started and show you the best snorkelling spots during warm weather voyages.

## Double Sea kayaks

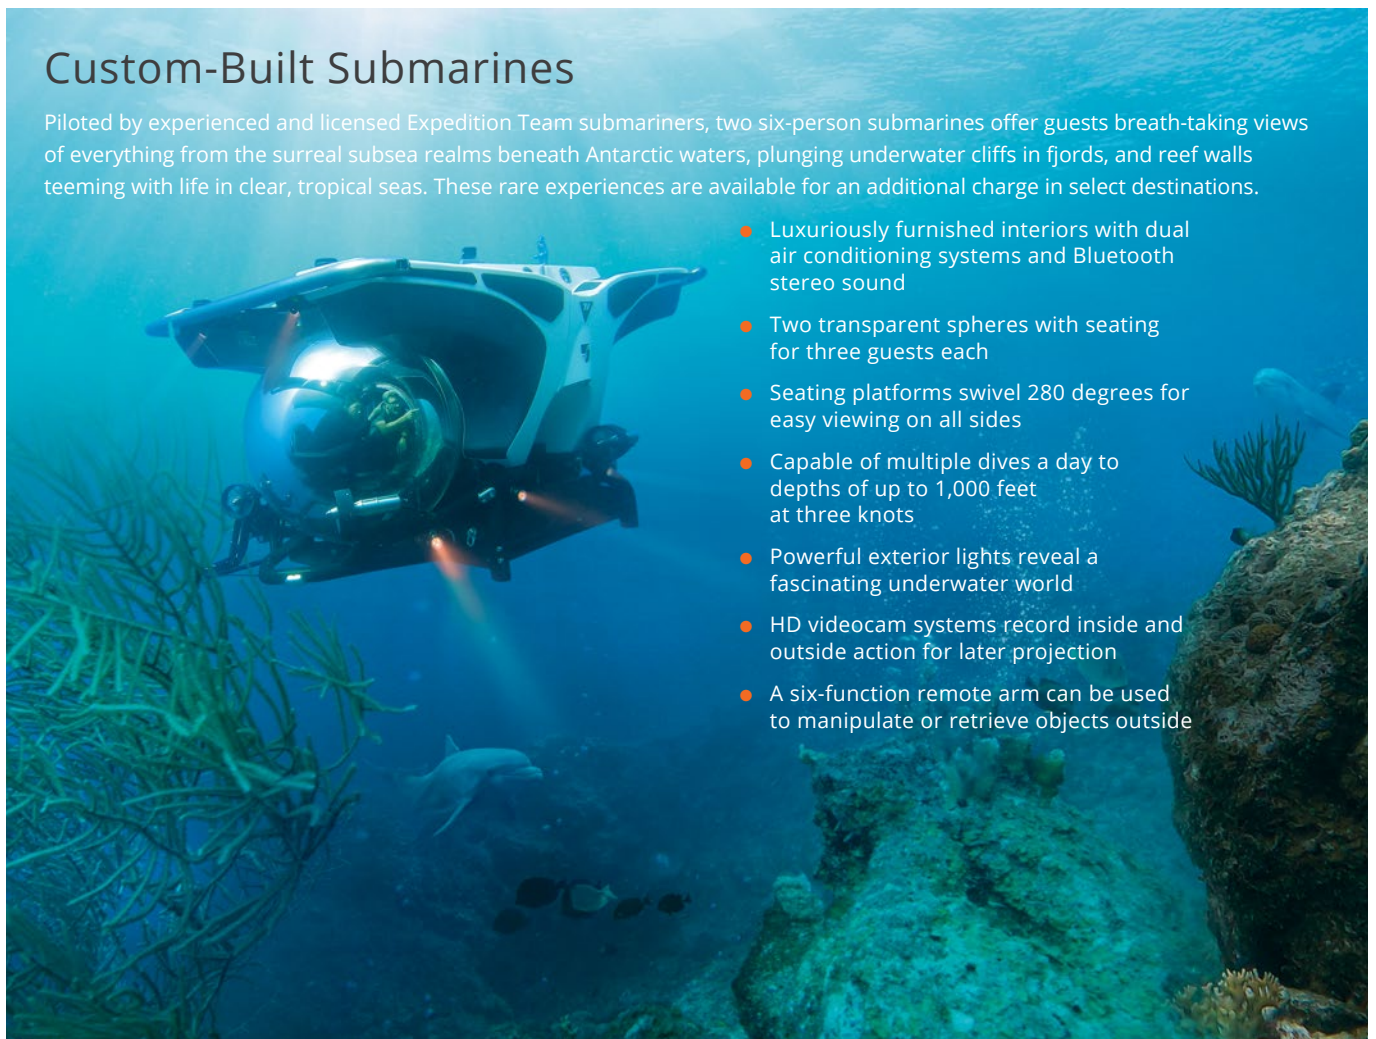

These silent craft allow guests to approach wildlife at eye level, to enjoy the snaps of brash ice in a glacier's meltwater, to navigate tangled mangrove thickets teeming with life and slide over multi-colored tropical coral gardens.

Led by an expert member of our Expedition Team, these excursions offer an appealing option available for an additional charge.

## Custom-Built Submarines

Piloted by experienced and licensed Expedition Team submariners, two six-person submarines offer guests breath-taking views of everything from the surreal subsea realms beneath Antarctic waters, plunging underwater cliffs in fjords, and reef walls teeming with life in clear, tropical seas. These rare experiences are available for an additional charge in select destinations.

- Luxuriously furnished interiors with dual air conditioning systems and Bluetooth stereo sound
- Two transparent spheres with seating for three guests each
- Seating platforms swivel 280 degrees for easy viewing on all sides
- Capable of multiple dives a day to depths of up to 1,000 feet at three knots
- Powerful exterior lights reveal a fascinating underwater world
- HD videocam systems record inside and outside action for later projection
- A six-function remote arm can be used to manipulate or retrieve objects outside

# DESIGNED FOR DISCOVERY

## A World-Class Expedition Team – Sharing their Knowledge, Sharing your Voyage

Your experienced Seabourn Expedition Team is a select group of academics, scientists and general naturalists who share your passion for exploring and learning about the world's remote regions. They bring all their masterful scholarly accomplishments and their logistic skills to facilitate unparalleled experiences. On board, they provide expert insights into the biodiversity, ecosystems, physical science, history and culture of the places you visit, both in formal Seabourn Conversations® presentations and casual discussions over meals or at leisure. They also guide off-ship expedition to enhance and enrich your interaction and engagement with destinations.

## Robin West – Seabourn's Vice President & General Manager, Expeditions

One of the world's most experienced and respected expedition leaders, Robin hand-selects our Expedition Leaders and team members to ensure you will benefit from their expertise in a variety of disciplines, as well as their passion for adventure and discovery. Originally from South Africa, Robin began his adventure travel career as a scuba instructor and dive tour operator. His zeal for adventure

led him to expedition cruising, and over the past 18 years, he has joined a small group of elite expedition travel specialists who guide voyages to the farthest reaches of the world.

## Excellence in the Extreme
